Land Disturbance Permit (LDP) application with required plan type.

Notice of Intent (NOI) to Georgia Environmental Protection Division (EPD). Secondary or Tertiary NOI is required for building permits issued within a common development or subdivision. A Primary NOI is required for building permits disturbing more than one acre. The GEOS generated submittal receipt must accompany the NOI. When an NOI is required, a Notice of Termination (NOT) must be filed upon completion. ALL projects which require a Land Disturbance Permit must pass a Notice of Termination inspection. Certificates of Occupancy will not be issued for residential projects that have not passed an NOT inspection.

Primary, Tertiary, or building sites within 200 linear feet of a state water will require an approved, stand alone Erosion Control Plan for the site prior to issuance of a building permit.

For LDP assistance please contact the Environmental Permit Coordinator at (706) 447-7645 (SOIL).

Any lot that is affected by the 100 year flood plain to any degree must submit an elevation certificate to Engineering Services. For assistance, please contact (706) 447-7645 (SOIL).

Disclosure Agreement
Columbia County Code of Ordinances Section 18-252

Columbia County ordinances require that residential construction work shall be performed by registered residential builders. I have applied for a do-it-yourself registration. The registration allows me, as the owner of my property, to act as my own residential builder even though I have not registered as a residential builder. I must supervise the construction myself. I may build or improve a single-family residence for use and occupancy only by myself and my family. It may not be built for sale or rent. If I sell or rent a building, I have built myself within two years after the construction is complete, it will be presumed (subject to my right to rebut same) that I built the home for sale or rent, which is a violation of the ordinance. I may not hire an unregistered person or entity to perform services for me as a residential builder. It is my responsibility to make sure that people employed by me have the registration certificates required by Columbia County's contractor registration ordinances. My construction must comply with all applicable laws, ordinances, building codes, and zoning regulations. The undersigned states and affirms that he/she is the owner of the property under the legal description of property to be used for the proposed construction or alteration as described on the permit application and that the building is not being built or altered to be offered for sale or lease, nor is the building being used by the general public for street address:
